

# CCI Driving Manufacturing Productivity for Over Two Decades

## History Reports

### Knowledgeable System

When things go wrong or when you need to know what happened and the ISO9000 police are on your case it's too late to wish you had a system with a photographic memory!

Do you know where your documents are, where they have been and with whom? Do you know if they have been changed, or compromised?

### SuiteFactory Knows

SuiteFactory records everything you need to know about a document. From its birth till its death! Read on to stay in the know!
