ISOHistoryArchiver™ PDF-Version

Provides separate databases for all Deleted Histories & Machine Events
Archive, Recover, Purge History: Machine Events, DNC, Documents & Packets
Part of an Integrated Family of ShopFloorManager™ EventAware™ Modules
Supports Windows 8™, Windows 7™ & Windows™ XP including Support for Terminal Server 2003/2005/2008

ISOHistoryArchiver™ provides a secondary Database and the needed Tools for Managing Histories of: Machine Events, DNC Files, Documents & Packets.

When the life cycle of your Machine Events, DNC Files, Documents & Packets Histories is at an end you can Archive them from ShopFloorManager's main History database to the History Archive database without being concerned about any loss of History Data.

Using SuiteHistoryAchrive you can Recover Histories of Machine Events, DNC Files, Documents & Packets or if you need to you can Permanently Purge the selected Machine Events, DNC Files, Documents & Packets Histories.

ISOHistoryArchiver™ A ShopFloorManager™ Support Module

ISOHistoryArchiver protects your Document, File & Event Histories through automatically Archiving. Like a series of Encyclopedias it stores all your Histories so you can retrieve all deleted Histories while providing History Reports. You can perform a final Purge when these Histories have outlived their usefulness!

Features

**ISOHistoryArchiver™
