

RelationshipViews™ Provides over 120 Plus Different Data Relationship Views
Change the way you View your Data with only a few clicks of your Mouse
A ShopFloorManager™ Support Module for Viewing All of Your Data Relationships
Supports Windows 8™, Windows 7™ & Windows™ XP including Support for Terminal Server 2003/2006/2008

RelationshipViews™ provides many different ways for you to View your Data Relationships. When you deal with data you need to View it according to Role you are playing at that time. Suppose your present Role is an Engineer versus a Supervisor, chances are the Data Relationship Views you need will not be the same. As an example if your Role is a "Shop Operator" you will probably need a View which lists Machine Tools first since your Primary Role's Duty is to download and upload DNC Files to and from the CNC. If your Role is one that is responsible for Approving DNC Files, Documents and/or Packets you want to View it in a Quality "Role" Context.

RelationshipViews™ provides an almost unlimited set of Customer Configurable Views to be able to View your Data-Relationships in the Context that best suits your present Role!

<p>Trying to sort through all your data for you can take time to you, often need to separate the wheat from the chaff! Want to select your Data Relationships by a click? ShopFloorManager's RelationshipViews™ can do that for you and more!</p>	<p>RelationshipViews™ Basics include:</p> <ul style="list-style-type: none"> Show File Cabinets View File Cabinets <p>DNC Files</p> <ul style="list-style-type: none"> File-Resource Collections and Machines Unassigned (Optional) File-Resource Collections and Machines Machine-Resource Collections-Files Resource Collections-Machines-Files Files Waiting for Sign-off Checked-Out CNC Files Assigned Not Assigned View NC Programs View Help Topics View Approved CNC Files View CNC Files with Pending Approval <p>Packets</p> <ul style="list-style-type: none"> Packets-Machines and Resource Collections Unassigned (Optional) Packets-Machines and Resource Collections Machine-Resource Collections-Packets Resource Collections-Machines-Packets Packets Waiting for Sign-off Assigned Not Assigned View Approved Packets View Packets with Pending Approval <p>Documents</p> <ul style="list-style-type: none"> All Controlled Documents Controlled Documents Waiting for Sign-off Checked-Out Controlled Documents View Approved Controlled Documents View Controlled Documents with Pending Approval
