

ShopFloorManager Tech Notes
"Creating System Users" Playing User Group Roles [PDF Version](#)
Users are Associated with User Groups which Play Multiple Secure Roles
Supports Windows 8™, Windows 7™ & Windows™ XP including Support for Terminal Server 2003/2005/2008

System Users are the Entrance into ShopFloorManager™ and depending in which User Groups they are associated with they can have over 120 "System Rights" from as many as 11 different Categories playing varying Manufacturing Roles.

The User Role(s) could be: Administrators, Supervisors, Programmers, Engineers, Operators, and is only limited by the different User Groups you need to create!

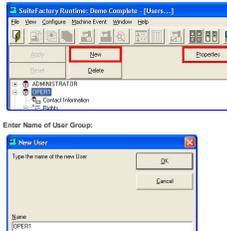

System Users: Accessing User Groups for Playing all of your Manufacturing Roles

Standard:

Creating a User

Click on the New Button and Enter User Name:

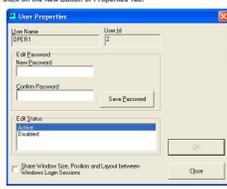

Enter Name of User Group:

Note: In this Example the "User" Name is that of an Operator thus the Name "OPER".

Setting User Properties

Click on the New Button of Properties Tab:

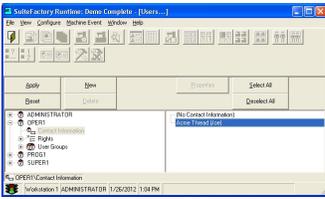

Options:

- Set Password:** Enter the Password you want or leave it blank if you don't require one.
- Note:** If the User is part of a Group of Workers that you don't follow as individuals you may not need or want a Password.
- Set Status:** You set whether the User is Active or Not.
- Show Windows Size ...:** If you check this Check box any ShopFloorManager Window opened and saved as a Default View by this User will be the Default size the next time the User logs in.

Note: See "Creating User Groups" for Integrating Users into ShopFloorManager

Setting User Email Contact Information

Click on the Contact Information Icon:

Choose From Contact Information List:

- No Contact Information:** ShopFloorManager supports Emails and requires that a User of ShopFloorManager Email must have contact information associated with this Email. If you don't want this User to have Email access, don't associate this with any contact information.
- "Outgoing" Contact:** Choose the Contact Information that is associated with this User if you want this User to have access to ShopFloorManager Email.

Note: See "Creating Contacts" for a more detailed explanation on Contacts.
